Notice of Enhancement of Overseas Business Division Structure

Nippon Flour Mills Co., Ltd. (President and COO: Masayuki Kondo; Head office: Chiyoda-ku, Tokyo) will enhance the structure of its Overseas Business Division to boost overseas business.

The Group is currently operating its overseas business centered on bases in the United States (manufacturing/sales base), China (manufacturing/sales base), Thailand (manufacturing/sales base) and Indonesia (sales base). To boost existing business and accelerate efforts toward new business development, it will enhance the functions of the Overseas Business Division, working toward increasing the ratio of overseas business. Details are as follows.

1. Enhancement of the Overseas Business Division structure

A new manager responsible for production/engineering in the overseas business will be assigned to the Overseas Business Division on June 27. In addition, a new financial controller who also supervises overall management in the overseas business will be assigned as of October 1. Moreover, the number of personnel in the Overseas Business Division will be increased.
